EPO Supports Retail Data ONLY

Customer Name _____	Service Address _____
Customer Contact _____	Billing Address _____
Telephone _____	
Email Address _____	

List account numbers below:

Please choose just one access type:

**Two Weeks Online
Access to data**

**Price = \$83, each additional account requested for the same company is \$6.41

**One Year Online
Access to Data**

**Price = \$154, each additional account requested for the same company is \$76.89

The tariff entitles the first 2-week access request per account per calendar year has no charge, regardless if the request is from the customer or a third party. All subsequent requests within the same calendar year will incur the fee noted above.

The undersigned customer agrees to pay the Total Annual Charge listed above and to pay the total amount in one transaction. Charges for the service will be invoiced and mailed to the billing address provided above.

The customer acknowledges that the billing charges listed above are determined pursuant to the Optional Interval Data Service tariff approved by the Rhode Island Public Utilities Commission. The Optional Interval Data Service tariff may change from time to time, but any changes must be approved by the PUC. The Interval Data Service team will bill the annual billing charges listed above until the completion of the current Service Term
